About Us

Tomark Group is a Sydney based company which accommodates clients nationwide with Architectural Cladding Systems.

We specialize in the fabrication and installation of aluminum composite panels or any other forms of cladding to building facades and also interior feature works.

With consistent performance throughout the Building and Construction Industry, our determination, approach and reputation is evident in our past and present projects.

Our main success over the past 15 years has delivered nothing short of satisfaction for all our clients. We use approved installers that deliver a high quality product. We guarantee 100% quality installation of all our cladding systems.
